Job Description – Lead Planner / Scheduler

Company Info

Role – Job Description

To provide daily and weekly planning of all PPM scheduled tasks, reactive tasks and project works associated with both our installation teams and service maintenance teams.

As the Lead Planner/Scheduler, you will work closely with senior management to deliver best-in-class Asset Care, resource management, planning, co-ordination and schedule management.

You will have responsibility for the Service Desk team, and the governance of both internal technician communication and customer satisfaction engagement KPIs.

Carry out PPM generation, planning & scheduling through our CMMS system on a weekly basis. Hold weekly Planning meeting with technical team to match resources and task activities in an efficient and structured manner.

On a daily basis you will ensure Reactive tasks are managed and communicated inline with client KPIs while maximising the productivity and efficiency of the Technicians.

Ensure that all PPM and Service tasks are delivered on time, in a compliant manner.

Ensure robust governance of Service Desk and provide ambition and commitment to the business. Be an enabler to success.

Role – Service Desk Lead Planner

1. Reporting Line – The Lead Planner/Scheduler will report to the Head of Operations
2. Direct Reports – Three (Service Desk Agent, Warehouse lead, Service Desk Administrator).
3. Location – Quin Road, Ennis, Co.Clare.
4. Status – Full time contract pending 6 months probationary period
5. 40 hours a week
6. Accountability - Day to day management of the Service Desk and planning, scheduling and co-ordination of all technical tasks.
7. Primary function will be to ensure all technical tasks, both PPM and Reactive, are received and logged from customers or the CMMS system, POs or approval received, assigned to technicians for completion, closed out efficiently and effectively by technicians, provide feedback to customer including reports and invoicing.
8. As part of the business team, you will be expected to hold the integrity and reputation of the business in the highest regard.

Responsibilities

- Ensure all Service desk services are of the highest level of compliance and quality standards.
- As a Lead Planner/Scheduler, you will be at the heart of the technical Service delivery, working alongside the Ops manager and supervisors, you will provide invaluable help in supporting the Technicians with the day-to-day delivery of services.
- A brilliant multi-tasker, the Lead Planner/scheduler will ensure that all technical tasks, both PPM and Reactive, are received and logged from customers or the CMMS system, POs or approval received, assigned to technicians for completion, closed out efficiently and effectively by technicians, provide feedback to customer including reports and invoicing.
